Reeves-Sain began in 1980 in Murfreesboro, Tennessee and under the leadership of partners Shane Reeves and Rick Sain has become the leading provider of pharmacy and health services in the area.

Like the community in which they live, Reeves-Sain has grown throughout the years, but has managed to preserve hometown roots by treating its customers like welcomed neighbors. When you visit any of our locations, our commitment to our customers and the professionalism and comforts they deserve become very apparent.

Maintaining the delicate balance between pharmacy traditions, service and cutting-edge pharmaceutical technology has been easy for Shane and Rick. It's who they are.

This same service approach works for all areas of today's demands in the medical world. There are two drugstore locations in Murfreesboro, plus a medical store, extended care pharmacy and infusion services.

All offer up-to-the-minute technology, together with an old-fashioned, friendly, hometown approach.

MISSION STATEMENT

Above all else, Reeves-Sain will be an organization that gives glory to God by honoring His principles for living personally, professionally and spiritually.

This moral compass will serve as the driving force behind the compassion we exhibit when providing healthcare products and service to our patients.

Our success will be realized through God's blessings and an unyielding adherence to our company's five core commitments.
